## Square Pianos At \$10. \$15. \$25. \$35. \$45 up to \$65.

The Kind That Cost Your Fathers and Mothers \$500 to \$1,000.

T IS NOT many years ago that the Square Piano was the best piano made, and even to-day a great many of them are better and will give longer service than the cheap new pianos which are exploited with exaggerated advertising and impossible claims. Every day we are taking square pianos in exchange as part payment for Sterling Pianos and the Sterling Playerpiano. The good ones we put in the best possible condition in our workshop and sell them at a mere fraction of their real musical worth. The rest we dispose of through other channels. As we always have customers for these pianos they are generally snapped up quickly. Just now, however, we have an unusual accumulation, just from our own workshop. There are many pianos among them that will give years of excellent service, and if you want an unusually good instrument for a few dollars, you must act quickly. We ap-

Every carpet manufacturer the country wide is pleased to back our low profit system and we have the Carpets that suit every taste.

As we are on the threshold of May, we now announce that for another week we will book orders for free Making, Laying and Lining. This offer ends on Saturday of this week and applies to within city limits. We save you from \$3 to \$10 on a Rug. That isn't your fault if we see fit to save you that sum. See the Rugs, shop anywhere else, make comparisons and then decide. We never do things by half. We are not pleasing the carpet shops. In fact, some who deal in lofty language and loftier prices are real mad about it. They have called upon us and pointed

out when we are underselling them to such an extent that they are doing but little business. That is the public's fault or those who refuse to pay the higher prices. We have extended this offer to meet the demand of the thousands who have been delayed in securing new rentals. It's our way and it suits the public wish, and we cater to the public.
